PRELIMINARY AMENDMENT

Prior to the examination of the above-identified application on the merits, please amend  
the above-identified application as follows:

IN THE CLAIMS:

Please add new claims 29-49 as follows.

29. A method of forming a liquid crystal display device comprising the steps of:

forming a first frame;

forming a liquid crystal panel adjacent the first frame and having a display surface; and

forming a second frame coupled to the first frame, and having a fastening part at at least

one side edge of the second frame, the side edge being substantially perpendicular to the display  
surface of the liquid crystal panel;
